Judge Vories Peony Farm  
2225 Duncan Street,  
St. Joseph, Missouri

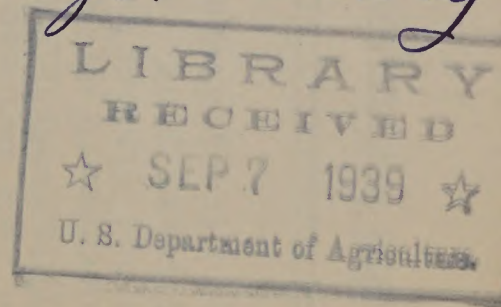

WHERE  
THE  
BEST  
COSTS  
LESS

1939

Sec. 562 P. L. & R.

U. S. Department of Agr. Library  
Washington,  
D. C.

Back in 1909 my uncle, the late Judge L. A. Vories, feeling the need of outdoor recreation became a devotee of Mother Nature. The Peony attracted him very greatly, so he became interested and soon had a Peony Garden.

Being one who believed in having the best money could buy, the Judge soon had many of the finest varieties obtainable. Peonies almost became an obsession with him - the plants grew - the flowers bloomed - each year they became more beautiful. With no thought of making money from his hobby, but upon the insistence of his friends, he consented to sell some of his plants and seedlings, so they, too, might enjoy them in their gardens.

Being a man of high ideals, the judge did not sell a single plant until he had obtained the opinions of competent authorities. Soon this hobby became a business too large for the Judge to handle alone - he had to have help. It was then that I came into the picture - 1914 to be exact.

For the past 25 years I have worked with Peonies - I've learned just about everything to be learned about them, that is up to the present time. Since 1929 I have managed the Judge Vories Peony Farm almost entirely. Many of our plants have won prizes at the various shows throughout the country. We have developed quite a number of our own plants which have won outstanding places.

It is my intention to continue this Peony Farm along the very same lines as my uncle. I am firmly convinced that nowhere can you obtain any finer, more beautiful, or more hardy plants than from my farm.

Due to my late start this year on peonies and the large stocks of many varieties, I am quoting some very low prices - LOOK THEM OVER CAREFULLY - if you are interested in buying some new plants this season, I am sure you will find just the ones you have been wanting.

You may be assured that all peonies purchased of me will be of the VORIES STANDARD OF QUALITY and roots of three to five eye divisions. You will not be disappointed with a single one.

Randolph P. Vories,  
2225 Duncan Street,  
St. Joseph, Missouri

VORIES SEEDLINGS

Alex Vories...American Beauty red. Long, strong stems, large, midseason..... 3.00	Mary B. Vories...Large rose- type, pure white, with creamy center. Sweet fra- grance, late..... 6.00
